Portfolio

Objective

As a passionate and dedicated fresh graduate, I am seeking an entry-level position as a Frontend Developer or PHP - Laravel Developer where I can apply my technical skills, creativity, and problem-solving abilities to contribute to the success of the organization. My goal is to leverage my knowledge of modern web technologies, including HTML, CSS, JavaScript, and PHP, as well as frameworks like Laravel, to build efficient, user-friendly, and innovative web applications. I am eager to grow professionally in a collaborative environment while continuously learning and embracing new challenges to enhance my expertise and add value to the team.

Education

Bachelor of Faculty of communication engineering Canadian International College
CGPA: 2.68

Experience

embedded systems (ITI - Information Technology Institute 2023- remotely)
